MN Agricultural Water Quality Certification Program

Update on progress made in areas 5 and 6 – See Certification Specialist Reports. Over 500,000 acres certified! GBERBA has the Area 5 and 6 MAWQCP administrative contract approved through 2021. The Minnesota Agricultural Water Quality Certification Program is launching three new endorsements in addition to 10-year certification a farmer or landowner receives in the program. The endorsements are for soil health, integrated pest management, and wildlife.

2017 MPCA 319 Grant - Cover Crops and Alternative Tile Intakes

An Implementation Policy Paper for the grant titled "Greater Blue Earth River Basin TMDL Implementation" has been developed and reviewed at the Technical meeting. This guidance document will be posted on the GBERBA website. Cover crops: \$50.00 dollars per acre maximum, 50% cost share maximum (\$25.00 ac.), 80-acre size maximum per owner. Prioritization required. Alternative intakes: Rock and pattern tile. \$500.00 maximum and 50% cost share. These are federal dollars and require state or local match. Perforated risers, broom and other water quality intakes: \$200.00 maximum and 50% cost share. These are federal dollars and require state or local match. The grant amendment has been completed and all remaining cost share for projects including Alternative intakes, Side inlets, and Cover crops will be at 50% cost share. **Grant End Date 8-31-2020**

For 2020 the cover crop acre limits are removed. At this point the 50% cost share rate will continue. GBERBA staff will request an extension of this grant due to 2019 weather conditions and the Covid-19 outbreak.

2017 CWF Grant- Multipurpose Drainage Management

Multipurpose Drainage Management - \$301,200: Projects for this Drainage Grant will need to be located in public ditch sheds. **GBERBA member entire counties are eligible.** Priority parameters are developed to identify the eligible ditches. A guidance policy sheet is online.

A grant Work Plan Revision has been approved by the BWSR to allow for CAP 130 Drainage Water Management plans and for Structures for Water Control.

Grant Amendment Agreement has been approved to extend the expiration date to 12-31-2020.

The Steering Team and Stage Agency representatives had the opportunity to review and comment on the first full draft of the plan. On the April 15, April 22, and April 29 Steering Team Meetings the Steering Team discussed changes needed to the draft plan and clarified comments made on the draft plan. Starting May 21 the 60 day review period will start for the Watonwan Comprehensive Watershed Management Plan.
